## HOW TO ORDER

Each of our note cards has a unique title. Jot down the title, description, and quantity of each you would like, then telephone us with your order.

Due to the large and ever changing variety of note cards being offered, we find it much simpler to take your order via telephone. We can also then tell you when you can expect your order.

If you do not wish to telephone, you may also print and mail in the order form found on the next page, along with a check, credit, or debit card number. Mail this form to the address shown at the top of this form. Please be sure to include a telephone number where you can be reached if we have any questions or need further information about your order.

Cards are \$5 each , 4 for \$17, or 8 for \$32. Shipping is free. Card packs are \$20 each plus a single \$4.95 shipping fee. (South Carolina orders must include 7% sales tax.)

## ABOUT YOUR ORDER

Your orders are hand printed and processed by the artists themselves. Orders are sometimes delayed as we may be doing art shows or off on a photo shoot. We shoot often to provide you with a great variety of top rate photographs. We will always get back to you ASAP with information on when you can expect your order.
